November

Catchphrase

— The Best Materials/ The Best Technology

Using only the best, globally-proven materials is our top priority

We take pride in our sincere manufacturing technology.

Creative patents, designs, and production know-how are integral to our sense of pride.
are our pride.

We cannot produce many products by using only the best materials and processing them with the best technology.

"We're GÖTMAN, committed to delivering the highest level of satisfaction to our loyal customers."

Tritan

From Eastman

Eastman Chemical(since 1920. U.S.A)

A world-renowned company famous for its functional materials such as Kodak Film and LLumar Tinting Film.

Tritan

Eastman's finest plastic material

Excellent heat resistance, cold resistance, strength and transparency

It is used as a material for baby bottle as bisphenol A is not detected.

Tritan Official Logo

This is the official logo of Tritan from Eastman

Only available with Eastman's permission.

GÖTMAN is recognized for its value and technology by using 100% Tritan

Eastman has officially granted us the right to attach the Tritan logo to our products.

Choi Yura Show's Pick

Lotte Home shopping

" I prefer to refer to this container as a GOTMAN, rather than just an airtight container."

"I find the refrigerator organized with GOTMAN to be very therapeutic - it feels like I'm healing myself."

" Other than the slightly high price, there's nothing to complain about."

" Every size has been carefully considered in the design of this product, which was made with a deep understanding of the needs of the modern homemaker "

" As it's such a high-end product, it's a shame that we only broadcast it twice a year due to production constraints."

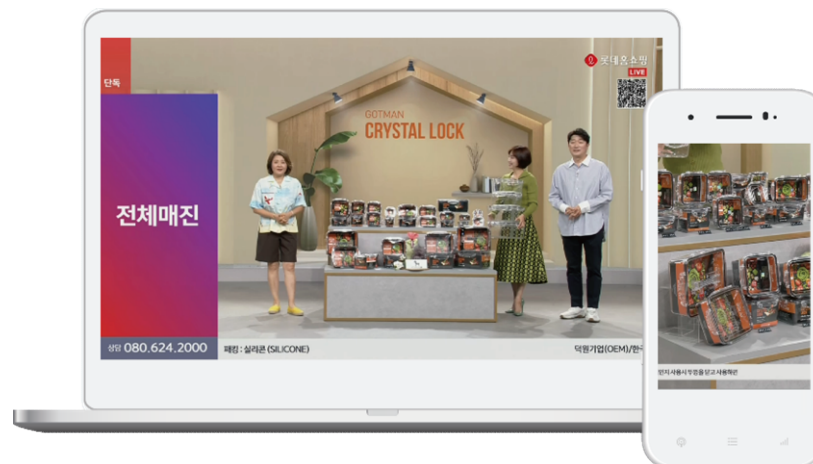

(In the middle of a home shopping broadcast...Choi Yura)

Lotte Home Shopping's Choi Yura Show Broadcast

September 2021 / April 2022 / September 2022

The best show host, Choi Yura

"Sold out" in all three Live Homeshopping

100% Tritan – all parts

from Eastman

Perfect airtight container made of safe Tritan

Body / Lid / Lid wings / Subdivision container (100% Tritan partition) / Water tray / Kimchi container handle.

This is the only product in the world made with 100% Tritan, with the exception of the silicone packing

Like Glass?

A product that has both glass and plastic advantages

As transparent as glass

Safe as glass (Bisphenol A not detected)

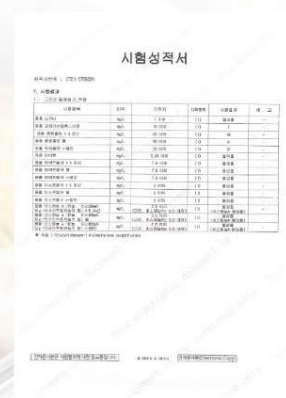

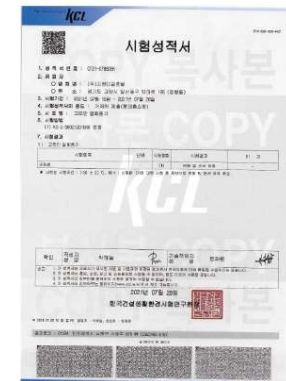

Lighter and harder than glass

Excellent sealing power

Heat resistance cold resistance test completed (-40°C to 130°C)

Elution test report, heat resistance and cooling test report

Unrivalled technology

Five- country Patent Lid Wings : A Fundamental Solution to Preventing Wings Ripping

Crossed Silicon- Maintain excellent sealing for a long time.

Tritan's high strength properties provide excellent sealing power when locked

We offer a wide range of sizes specifically designed for urban living

The GOTMAN's container...

Swedish design

Well designed

" Transparency makes this product pretty. Even the lid is transparent, which enhances its appearance. "

Convenient

" Dishwasher, microwave, freezer, sterilization by hot waterOK "

Good

" It's light, so it doesn't strain your wrist. In addition, it has excellent sealing power, and there's almost no odor and discoloration"

(Reviews from GOTMAN official store)
